

**BECAUSE LIFE'S GREATEST ADVENTURE SHOULDN'T BE FINDING A BATHROOM.**

### **WHAT'S A GOGIRL?**

The GoGirl is quite possibly the best Feminine Urinary Device on the market!

Simply put, GoGirl allows women to urinate while standing up. It's neat. It's discreet. It's hygienic.

While the concept may be new to you, European women have used female urination devices for years. GoGirl provides women everywhere a way to stand up to crowded, unsanitary, distant or non-existent bathrooms.

And while it's not the first device of its kind, we think you'll agree it's easily the best.

### **FOR A WOMAN'S CONVENIENCE — ON THE GO WITH GOGIRL.**

GoGirl is easy to use. Just adjust your clothes and place GoGirl against your body to form a seal. It's that simple.

GoGirl fits easily in your purse, pocket or glove compartment. It's a must for travel, sports or every day use.

### **WHY GOGIRL?**

Only GoGirl is made with flexible, medical-grade silicone. Our patented splashguard eliminates messes and spilling. Once you practice a time or two, using your GoGirl will feel like second nature.

Made in America.

### **GOGIRL FEATURES AND BENEFITS INCLUDE:**

- Compact and durable design is convenient, portable and discreet, keeping the GoGirl accessible for when you need it the most.
- Medical-grade silicone seals to your body, for mess free use.
- Unique splatter-free tip design and easy to aim spout.
- Form-fitting to help prevent leaks.
- GoGirl can be reused again and again by rinsing with soap and water or it's economical enough to dispose of.
- Because it's reusable, GoGirl is an environmentally-friendly product. Be green and reuse.
- GoGirl comes in a small plastic tube with two tissues and a small bag for storage or disposal. Once cleaned you can roll it up and put it back in the tube for reuse.

## WHO'S A GOGIRL?

From traveling the world to tackling everyday chores, there are plenty of reasons to use GoGirl. Here are just a few of the ways GoGirl can help you, whatever your lifestyle:

### ACTIVE LIFESTYLE

Whether in the great outdoors or simply miles from the nearest restroom, eliminate yoga-like squatting, dripping and potentially messy jeans when you pack a GoGirl on your next adventure.

### TRAVEL LIFESTYLE

When you travel it's awfully hard to plan for everything, especially when and where you may need a bathroom. With GoGirl, no matter where you find yourself on the globe, you'll find yourself prepared.

### EVERYDAY LIFESTYLE

Concerned about germs or tired of endless lines in public bathrooms at the mall, gas station, stadiums, concerts or anywhere else you find yourself? With GoGirl in your bag, those concerns are a thing of the past. Enjoy the freedom and convenience of urinating confidently and hygienically with GoGirl.

### MEDICAL/ELDERLY LIFESTYLE

GoGirl was originally created for women who have recently had hip or knee surgery to help in circumstances where bending and squatting are physically impossible. GoGirl is also an ideal solution for pregnant women or women recovering from surgery who have trouble urinating into a cup at the doctor's office.
